Safety Instructions:

- The drawers are heavy, so be careful not to lose your balance when pulling them out.
- Avoid overloading the drawers to prevent the cabinet from tipping or falling over.
- The cabinet should be placed on a stable and level surface to ensure stability.
- Ensure that the drawers are fully closed to prevent injury from unintentional removal.
- The cylinder lock must be serviced regularly to ensure proper functionality.
- Only use with the original key; copies may compromise security.
- When used outdoors, protect from the weather to prevent corrosion or damage.
