Article Numbers: 402592, 402591, 402590

Safety Instructions:

- Observe the maximum load capacity of 150 kg to avoid overloading and the risk of breakage.
- Utilise and ensure ESD conductivity to prevent damage to sensitive electronics.
- The profiles must be securely installed in accordance with the installation instructions.
- Regularly inspect the attached accessories for safety and stability.
- Keep products out of the reach of children to avoid injury.
- Choking hazard due to small parts when accessories are fitted.
- Risk of corrosion due to improper handling or storage.
- Observe safety precautions during installation and use.
- When installing, ensure a secure stand to minimise the risk of tipping over.
- Recommend use only in suitable commercial environments to prevent improper use.
