Please note the technical data of the products!

Article Numbers: 402619, 402618, 402617

Safety Instructions:

- Store and use safely to avoid damage and personal injury.
- Do not exceed the maximum load capacity of 60 kg to avoid falls or breakages.
- Pay attention to ESD conductivity and use in an ESD-prepared environment to avoid electrostatic discharges that could damage electronic components.
- Check the product regularly for cracks or damage to rule out safety risks.
- Not suitable for the storage of flammable materials.
- Use suitable brackets for secure installation and ensure that the shelf is installed stably to prevent it from falling.
- Avoid risk of suffocation due to incorrect use or improper installation.
