Safety Instructions:

- Make sure that the height of the desk is set correctly and follow the operating instructions to avoid injuries and crushing.
- To ensure stability and prevent damage, do not use the desk with a load of more than 80 kg.
- Assemble all connections and parts properly and ensure that the desk is placed on a stable and level surface to prevent it from tipping over.
- Keep the desk away from open flames, water and extreme heat or moisture to prevent material damage.
- Use levelling glides to level the desk on uneven surfaces and prevent it from wobbling or tipping.
- Only adjust the height when the table is empty to avoid injuries caused by trapped body parts.
- Children should not play unsupervised near the height-adjustable desk and the desk should be inaccessible to them to avoid injury from improper use.
- Make sure that there are no small parts in the movement mechanism and remove dangerous objects from the work surface.
- The edges of the table top may have sharp edges; check regularly for damage to prevent injury.
- Only use the product in accordance with the instructions for safe use and installation.
