Safety Instructions:

- Ensure that the tool holder is correctly and securely installed on the perforated plate to prevent it from falling and possible injury. Regularly check the stability and strength of the attachment.
- Only use the tool holder for the intended tools in accordance with the instructions in order to avoid overloading, damage and accidents.
- Keep the tool holder away from the direct influence of water and chemicals to prevent corrosion and material damage.
- Check the condition of the tool holder for damage or wear before use and replace it immediately if damaged to ensure safety.
- Keep out of reach of children, especially as it is not suitable for children under the age of 14, to prevent injury.
- Ensure that the perforated plates to which the tool holder is attached meet the specifications (hole size 9 x 9 mm, hole spacing 38 mm).
- Avoid contact with sharp edges or surfaces during installation to prevent injury.
- Do not place any heavy objects on the tool holder to prevent damage or collapse.
