Article Numbers: 661900, 661899, 661898, 661897, 661896

Safety Instructions:

- The product is not suitable for children. Keep small parts away from children and keep out of reach of children to prevent unwanted use.
- Avoid contact with water and use in damp environments to prevent rust formation.
- Only use the product on stable metal surfaces and ensure that there is no danger from external influences such as mechanical impact. Avoid overloading the hooks and do not overload the product to prevent it from falling off.
- Read the enclosed instructions carefully to ensure that the product is used safely.
- Take care when using on metallic surfaces to avoid injury and ensure that the magnetic force is sufficient to ensure stability and safety.
- When applying, make sure that the surface is clean and de-oiled to ensure a firm hold.
- Risk of suffocation due to improper use of the angled hooks.
- Risk of the tool holder slipping off if there is insufficient adhesion to metal surfaces, risk of injury due to improper handling of sharp-edged tools.
- The magnetic force can cause injury if handled incorrectly and ensure that the tool holder is used out of the reach of children.
- Not suitable for use in humid or extremely hot environments. Children should be supervised when handling the product to avoid injury.
