Article Number: 661625

Safety Instructions:

- Caution for outdoor use: Ensure that the cable is not used in water or wet areas.
- The cable should not be overheated. Do not overload the sockets beyond the maximum permissible load.
- Please close the hinged covers of the sockets when they are not in use to prevent the ingress of foreign objects.
- The user should ensure that the product is not used near heat sources.
- Users should be made aware that the cable is not designed for permanent outdoor use, even if it is IP44-certified.
- Avoid using the cable in areas with aggressive chemicals or high temperatures.
