Safety Instructions:

- Caution: Electrical current can be fatal. Use only by qualified personnel.
- Protection class IP44: The power distributor is splash-proof, but must be protected from direct moisture and liquids.
- Ensure that the distributor is properly connected to the electrical circuit to avoid the risk of injury from electric shock.
- Do not use the product if there is damage or visible defects on the appliance or cable.
- Use in dry rooms is recommended; outdoors only in accordance with the safety instructions supplied.
- Improper use can lead to fire hazards or electric shocks - always observe the operating instructions.
