Safety Instructions:

- Caution: Risk of electric shock as the product contains electrical components. For indoor and protected outdoor use only.
- The product may only be used in the intended operating mode. Misuse can lead to hazards.
- Risk of suffocation from small parts in the event of improper use or improper disposal.
- If the housing is damaged, the product must be taken out of service immediately.
- The product should not be used in a damp environment, even if it is splash-proof (IP54).
- Wear recommended protective clothing, such as gloves, when handling the appliance.
- Ensure that the appliance is always placed on a stable surface to prevent falls.
- Do not plug into the socket or use the product if the cable is damaged.
- Read and follow the instructions carefully before use.
