Safety Instructions:

- Warning: This CO detector protects against dangerous carbon monoxide. Ensure that the detector is tested regularly.
- NOTE: Keep away from water and moisture so as not to impair the functionality of the device.
- Ensure that the detector is not installed near ventilation openings or excessive air circulation to avoid false alarms.
- Only use the recommended AA batteries. Replace the batteries when the low battery signal sounds.
- The appliance should be installed in a place that is inaccessible to children.
- Regular maintenance is necessary: Do not clean the sensor with chemicals or sharp objects.
- The product must not be used in rooms in which petrol or other fuel-powered appliances are operated.
