Article Numbers: 661732, 661726, 661725, 661712, 661718

Safety Instructions:

- Take care when using near water or liquids to avoid short circuits and electrical hazards.
- Ensure that the cable is not kinked, overloaded, stretched or used beyond the recommended length to avoid damage or signal loss.
- The product is not suitable for children; please keep out of their reach. Not suitable for children under 3 years of age as it may contain small parts that could pose a choking hazard.
- Risk of electric shock if the cable is connected incorrectly or damaged; do not use with wet hands and ensure that it is not damaged before connecting.
- Ensure adequate ventilation during use to avoid overheating. Avoid contact with heat sources.
- Unplug the cable from the socket after use to prevent accidental activation.
- If you have any questions or problems, contact customer service and do not attempt to repair the cable yourself.
- Use with devices that do not support DisplayPort 2.0 may result in signal loss.
- Take care when handling electrical connections; make sure that the devices are switched off beforehand.
- The cable should be protected against unauthorised access.
