Article Number: 661730

Safety Instructions:

- Ensure that the charging cabinet is only used on appropriately designed circuits.
- Check the dimensions and power consumption of the end devices before use.
- Avoid overloading the sockets and ensure that the maximum power of 3680 W is not exceeded.
- Take care when using in the presence of water or damp conditions.
- Ensure that the loader wagon does not tip over or is not moved by force in order to avoid injury.
