Safety Instructions:

- Keep out of reach of small children to avoid the risk of choking on small parts.
- Avoid laying the cable over sharp edges or in areas subject to heavy traffic to prevent damage.
- Do not use the cable near water or in damp environments to avoid the risk of electric shock.
- Only use with compatible devices to avoid damage to the devices and the cable.
- Do not overstretch or kink the cable in order to extend the service life of the product.
- Risk of electric shock if not properly connected to a power source.
- Ensure that the consumer receives clear instructions on safe use.
- Only use the product with MFI-certified devices to avoid damage.
