Safety Instructions:

- Risk of suffocation from small parts if the laptop stand is used improperly.
- Risk of slipping if the stand is not adjusted or used correctly.
- Ensure that the stand is stable enough to prevent the laptop from falling over or dropping.
- Users should ensure that cable management does not create a tripping hazard and use it to avoid tripping hazards.
- Ensure safe and stable positioning of the laptop to prevent it from falling.
- When using on a table, make sure that the surface is stable and level.
- To avoid injury, check the stand regularly for damage.
- Pay particular attention to the correct height setting to avoid ergonomic strain.
