Safety Instructions:

- Ensure that the table is placed on a stable and level surface to avoid tipping, wobbling and the risk of falling.
- Protect small parts and legs during assembly to avoid injury.
- When adjusting the height, ensure that no body parts are trapped to avoid crushing and injuries.
- Do not exceed the maximum table height of 895 mm to avoid the risk of falling.
- Check cable outlets regularly for proper condition and use them to avoid tripping hazards.
- Check the floor levelling screws regularly to ensure stability on uneven floors.
- Use the table in accordance with the manufacturer's instructions to avoid health problems and structural damage.
- Do not place the table near water or moisture and take care with electrical appliances.
- Product not suitable for children under 14 years of age; use by children only under adult supervision.
- Make sure that the table is correctly assembled when linked with other tables to ensure stability.
- Do not overload the table top and observe the maximum load capacity to avoid damage.
- Keep the area around the table free of obstacles to avoid accidents.
- Do not use any sharp or hot objects on the work surface to avoid damage.
- Safety and installation instructions should be provided with the product.
- Ensure that all mechanical parts are correctly fitted to prevent malfunctions.
