Safety Instructions:

- Ensure that the desk is mounted stably and on a level surface to prevent it from tipping over.
- Avoid overloading the table with heavy objects to prevent damage or tipping over.
- Keep the table away from moisture, direct sunlight and heat sources to prevent material deformation.
- Lay cables safely to minimise tripping hazards and the risk of injury.
- Proceed with caution when adjusting the height manually to avoid injury.
- Regularly check the floor levelling screws and the table frame to ensure stability and functionality.
- Adjust the table height to your height and make sure that no parts of your body are trapped when adjusting it.
- Avoid improper use of the table to prevent the risk of mechanical damage and injury.
- The desk may only be assembled and used in accordance with the assembly instructions to ensure safe use.
- Compliance with the maximum load capacity of the table frame to prevent structural damage.
- Set up out of the reach of children or ensure supervision to prevent accidents.
- Keep electrical cables away from the tabletop to avoid tripping hazards.
- Read and follow the assembly and operating instructions to ensure safe use of the desk.
- Avoid damaging the surface by using suitable care and cleaning agents.
