Article Number: 661783

Safety Instructions:

- Caution: The side panel may become unstable if not installed or used correctly.
- Ensure that the side panel is correctly inserted into the shelf frame to prevent stored material from falling out.
- Avoid excessive load on the magnetic surface to prevent damage.
- Ensure that the maximum load capacity of the shelves is observed to avoid accidents caused by overloading.
- Check the fastening material carefully to ensure that it is complete and undamaged.
