Safety Instructions:

- Risk of suffocation from small parts if handled incorrectly. Ensure that small parts cannot be removed by children.
- Avoid the risk of falling due to improper use, especially with heavy objects on the shelf.
- Ensure that the presentation column is stable to prevent it from falling over and causing injury.
- Do not exceed the maximum load capacity of the shelf of 30 kg.
- Take safety measures for sensitive objects to prevent the Plexiglas cover from breaking and protect the Plexiglas from strong impacts.
- Use a suitable cleaning agent for the Plexiglas surface to prevent damage.
- Keep operating conditions (dryness, temperature) within the recommended limits to avoid material wear.
