Please note the technical data of the products!

Article Numbers: 662315, 662307, 662300

Safety Instructions:

- Ensure that the scales are used on a stable, level surface to prevent them from falling over.
- Overloading the scales can result in damage to the scales and injury to the user. Maximum load capacity: 300 kg.
- Do not use the scale in damp or wet environments to prevent electric shocks. Keep the scale dry.
- Users should ensure that no children are in the vicinity of the scales in order to avoid accidents. Not suitable for children under 3 years of age due to small parts.
- Regular checks of the scales must be carried out to ensure accurate results.
- Observe the user manual to ensure correct use. Read the operating instructions carefully before use.
- Take care when weighing heavy objects; ensure that the weight is evenly distributed to prevent damage to the scales or injury.
