Article Number: 662292

Safety Instructions:

- Do not exceed the maximum shelf load of 140 kg per shelf
- Do not exceed the maximum field load of 1200 kg
- Place the shelf on a stable, level surface to prevent it from tipping over
- Ensure careful handling of the metal elements during assembly and disassembly
- Take care when moving the shelf when empty to avoid injury
- Shelving can become unstable if not assembled correctly
- Ensure that all bracing beams are correctly installed
