

Product Safety Information

AE compact scale CBX 6000, 6000 g

Manufacturer/Responsible Person: AE Adam GmbH, Instenkamp 4, 24242 Felde, Deutschland

E-Mail: info@aeadam.de

Please note the technical data of the products!

Article Numbers: 662525, 662507, 662506

Safety Instructions:

- Do not use the appliance near water to avoid electric shock.
- Keep the appliance away from children to avoid the risk of choking on small parts.
- Do not overcharge the battery to prevent overheating.
- Do not drop the appliance to avoid damage.
- Ensure that the scales are placed on a stable and level surface to avoid inaccuracies.
- Use only in dry conditions to avoid the risk of electric shock.
- Do not use the scales in damp environments to avoid damage.
- Do not use the scales for commercial purposes unless expressly stated.
- Check that the scales are correctly calibrated before use.
- Ensure that the battery is sufficiently charged to prevent a sudden power failure.
- The scale is not suitable for use under extreme conditions (e.g. extreme temperatures or humidity).
- Keep the scales away from children to prevent accidental dropping or misuse.
