

Product Safety Information

AE bench counting scale CCT 16, 16 kg

Manufacturer/Responsible Person: AE Adam GmbH, Instenkamp 4, 24242 Felde, Deutschland

E-Mail: info@aeadam.de

Please note the technical data of the products!

Article Numbers: 662532, 662519, 662518, 662514, 662504, 662503, 662500, 662499, 662498

Safety Instructions:

- Before use, ensure that the scales are placed on a stable, level surface to ensure accurate measurements and to prevent them from tipping over.
- Users should take care not to exceed the maximum weight of 32 kg to avoid overloading and damage.
- Avoid using the scale in damp or wet environments to prevent damage to electrical components and the risk of electric shock.
- Ensure that the scale is properly calibrated to ensure accurate measurements.
- The scale must be serviced by qualified personnel to ensure safety and correct functionality.
- Read the operating instructions or user manual carefully before use.
- Protect the scale from extreme temperatures and direct sunlight for long-term functionality.
- Keep children away from the scales to avoid accidents and swallowing small parts.
- When handling the scales with heavy loads, use suitable lifting techniques to prevent accidents.
- Device is not suitable for outdoor use.
- Disconnect the appliance from the power supply when cleaning.
- In the event of a faulty appliance, act immediately in accordance with the safety guidelines.
