Article Number: 662254

Safety Instructions:

- The archive box should not be stored in a damp environment to prevent the documents from being affected by moisture.
- The use of non-covering dyes ensures that no colour is transferred to the stored documents.
- When archiving documents with sensitive materials, attention must be paid to acidic or alkaline environmental influences that could lead to damage.
- Do not use the box for items that exceed the recommended number of sheets to ensure the stability and durability of the box.
- The box is not suitable for archiving food or chemical substances.
