Safety Instructions:

- Interrupt the operation of the monitor if you notice any faults or unusual noises.
- Keep the monitor clean and dry to avoid overheating.
- Ensure that the power supply meets the specifications and use the recommended cable.
- The monitor should not be placed in direct sunlight or near heat sources.
- To prevent damage to electronic components, do not pour any liquids near the monitor.
- To avoid injury, avoid moving or lifting the monitor without proper support.
- Keep the monitor out of the reach of children to reduce the risk of falling and choking on small parts.
- Ensure that all connection cables are securely connected to avoid short circuits.
