Safety Instructions:

- Ensure that the table bracket is firmly attached to the table top to ensure stability.
- Only use compatible table tops with a depth of 17 to 30 mm.
- The brackets should be checked regularly to ensure that they are not damaged.
- Ensure that no sharp edges or protruding parts jeopardise the safety of users.
- Use suitable tools and fastening elements when mounting the table bracket to avoid injury.
- Make sure that the desk mount does not impair the functionality or design of the workstation.
