Safety Instructions:

- Slip-resistant in accordance with ASR A1.5/1.2 for a secure grip on smooth floors. Note the risk of slipping when used on smooth floors.
- Self-adhesive and removable, leaving no residue when removed.
- Suitable for indoor use only on smooth and stable floors.
- Protect the paper inserts from dirt and wear and tear by gluing the labelling pocket all round. Paper should be correctly positioned in the labelling pocket to prevent damage.
- Stable enough to withstand being driven over by forklift trucks without turning, steering or braking movements. Ensure that no turning, steering or braking movements occur when driving over with forklift trucks.
- Observe processing temperature of +10 to +20 °C.
- Ensure an application temperature of -30 to +70 °C.
- Bright signal yellow colour for good visibility.
