Article Numbers: 662641, 662640, 662637, 662629

Safety Instructions:

- Do not immerse in water or avoid contact with water to prevent electric shocks.
- The product is not suitable for use in damp environments unless it is labelled accordingly or protective measures are in place.
- Ensure that the product is installed in a stable condition to prevent it from falling and causing injury.
- Only use in dry indoor areas or under the recommended conditions to avoid water damage.
- The use of unauthorised electrical components can be dangerous. Use high voltage in accordance with safety standards.
- Ensure adequate ventilation to prevent the appliance from overheating. Do not combine the product with another light source to avoid overheating.
- Do not damage or kink the cable to avoid short circuits and the risk of electric shock.
- Keep away from children to avoid the risk of choking on small parts.
- Safety glass is breakable; be careful with improper installation or handling. Wear safety goggles during installation and handling.
- Before installation, ensure that the product is disconnected from the power supply.
- Installation should only be carried out by qualified personnel.
