Safety Instructions:

- Classification as an electrical product; beware of the risk of electric shock if handled incorrectly.
- Use the product in dry conditions; do not install in damp rooms or near water.
- Installation should be carried out in accordance with the enclosed instructions in order to avoid the risk of injury and fire.
- It is recommended that it is used and installed under the supervision of specialised or qualified personnel.
- Take suitable safety precautions when replacing the LED modules.
- Store the product out of the reach of children to avoid the risk of choking on small parts.
- Small parts can be a choking hazard, keep them away from children.
- Avoid glare: Do not point the light source directly into the eyes.
- The glare-free nature of the polycarbonate cover should be taken into account to avoid eye damage.
- Only use the mains adapter supplied to avoid overheating and the risk of fire.
