Article Number: 662710

Safety Instructions:

- Safety valve ensures overpressure equalisation at 0.65 bar
- Use in the chemical industry requires special precautions
- Not suitable for highly flammable liquids
- Observe temperature application range from -200°C to +260°C
- Check container for leaks before commissioning
- Food-safe, but remove residues before use
- Space-saving storage thanks to stacking frame, but observe maximum stacking height
- Use earthing strap to prevent static discharges
- Check IBC containers for visible damage before use
