Please note the technical data of the products!

Article Number: 662704

Safety Instructions:

- Take care with hot contents, as the jugs can withstand temperatures of up to 100°C to prevent burns.
- Not suitable for handling sharp objects to avoid damaging the material.
- Safe to use for food products, but always ensure that no harmful chemicals are transferred to the food.
- The product should be handled with care in the dishwasher or microwave to avoid damage.
- Jugs must not be used at temperatures outside the range of -20°C to +100°C.
- Keep the product away from children as it is a kitchen utensil and may pose a risk if used improperly.
