Article Number: 662703

Safety Instructions:

- Note: To avoid the risk of suffocation, children under 3 years of age must not use the water canister.
- Ensure that the drain tap is always properly closed to prevent liquids from leaking.
- Do not expose to extreme temperatures outside the temperature range of -20°C to +70°C.
- Ensure that the canister is protected from sunlight during storage to prevent material fatigue.
- Before use, ensure that the water canister is clean and hygienic to avoid contamination.
