Safety Instructions:

- Avoid using the headset in extreme temperatures, high humidity or direct sunlight.
- Keep the product away from water or liquids to minimise the risk of electric shock.
- To avoid hearing damage, do not use the headset at full volume for long periods of time.
- Check cables and connections regularly for visible damage to avoid short circuits.
- Keep the headset away from small children and pets to avoid injury or damage.
- The EPOS ActiveGard technology protects against sudden volume peaks - use the headset with care and check the functionality of this technology regularly.
- The appliance is not suitable for children under 3 years of age, as small parts can be swallowed.
- Read the operating instructions carefully before using the headset for the first time and use it in accordance with the instructions to ensure safe use.
- Take care not to use the headset in extremely loud ambient noise without active noise cancelling.
