### **Safety Instructions:**

- Risk of suffocation due to improper use of small parts or mechanical parts on doors.
- Risk of injury and crushing when using the door mechanisms, especially due to sharp edges or strong slamming.
- Make sure that the locker is placed on a stable, level surface to prevent it from tipping over.
- Observe the maximum load capacity and avoid overloading to prevent damage and tipping over.
- Store heavy objects carefully to avoid deformation and safety risks.
- Product is not suitable for use by children; supervision required.
- Protection from direct sunlight and moisture to prevent corrosion damage and mould growth.
- Regular maintenance and inspection of doors, locks and mechanics to ensure security.
- When using cylinder locks or security twist locks, follow the instructions supplied to prevent unauthorised access.
- Install and use the product in accordance with the enclosed instructions.
- Only use the product for its intended purpose indoors.
- Ensure correct labelling and use of locks to avoid confusion or loss of security.
- Check the product for possible damage and do not use if damaged.
- Use suitable cleaning agents to avoid damaging the surfaces and to keep the ventilation openings clear.
- Use floor glides to protect the floor and ensure stability.
