Safety Instructions:

- Make sure that the clothes locker is placed on a stable and level surface to prevent it from tipping over.
- Use the integrated levelling feet to ensure stability on uneven floors.
- Keep the area around the locker free of obstacles to avoid tripping and falling accidents.
- Choking hazard due to small parts; keep out of reach of children.
- Ensure that children do not interact with the product on their own to avoid injury.
- Avoid applying excessive pressure or force to the doors to prevent damage.
- The use of padlocks with a shackle thickness of 6 to 8 mm is recommended to increase security.
- Check regularly for rust and corrosion, especially when used in damp environments.
- Watch out for sharp edges or corners to avoid the risk of injury.
- Carry out regular maintenance to ensure the safety and longevity of the spindle.
- Avoid storing heavy objects at excessive heights to minimise the risk of them falling over.
- Use the locker in accordance with the instructions provided by the manufacturer.
- The cabinet is not suitable for storing flammable materials.
- Use cylinder locks or security turnbolts to prevent unauthorised access.
- Improper use may result in damage to the safety system. Only use the intended locking system.
- Avoid using the locker as a climbing frame or play equipment.
