Safety Instructions:

- Not suitable for children under 36 months, there is a choking hazard due to small parts.
- Risk of injury from sharp edges and improper handling of the doors. Use soft stops to prevent injury when closing the doors.
- The locker must stand on a stable, level surface; use floor glides to prevent tipping over on uneven floors.
- Avoid excessive load and overstretching of the doors.
- Regular inspection of the construction and hinges is recommended to ensure safety.
- The product is not suitable for use by children without supervision.
- The product is burglar-proof to level C in accordance with DIN 4547; only use recommended locks.
- Avoid corrosion by avoiding contact with water and aggressive chemicals.
- Do not use abrasive agents or chemical cleaning agents for cleaning.
- Observe the maximum load capacity of the bench underneath to avoid the risk of falling.
- Observe the safety instructions for the use of security turnbolts and cylinder locks.
- Observe the enclosed instructions during installation and use to avoid the risk of injury.
- Do not overload to prevent damage to the structure.
- Protect the product from excessive temperatures.
- Regular inspection for mechanical damage and wear is required to ensure maximum safety.
