Article Numbers: 662906, 662901, 662899

Safety Instructions:

- Not suitable for children under 3 years, choking hazard due to small parts. Use under adult supervision recommended when children are nearby. The film could pose a choking hazard if small parts are torn off.
- Take care when applying to sensitive surfaces, possible damage due to static adhesion. Film may be statically charged; handle with care.
- Do not use near naked flames or heat sources. The film should not be used near naked flames or heat sources.
- Please ensure that the surface is clean and dry to guarantee optimum adhesion. Use on dirty or dusty surfaces can impair adhesion.
- If used incorrectly, the film can leave residues that are not easy to remove.
- Do not apply film to brittle surfaces.
- Only allow the film to be used for training and patient assessment under the guidance of qualified specialists.
- The films are not suitable for contact with food.
- After use, the film should be disposed of properly to minimise the environmental impact.
