Safety Instructions:

- Carry out installation on smooth and load-bearing surfaces to ensure secure fastening and prevent slipping. Before fitting, check that the surface is clean and load-bearing.
- Attach the frame to stable and load-bearing surfaces to prevent it from falling. At the same time, ensure that the adhesive strips adhere correctly.
- Avoid application on rough or uneven surfaces in order not to impair durability. Backing adhesives can leave residues, so only use on suitable surfaces.
- Product is not suitable for children to avoid the risk of choking on small parts. Ensure that small children do not come into contact with small parts or adhesive strips.
- Use frames only for intended applications, in particular for posters or documents up to max. 150 g/m². Do not use outside the intended area of application.
- Take care to keep the frame away from extreme temperatures and direct sunlight to avoid material deformation, discolouration and material fatigue.
- Do not use the frame near naked flames. Ensure that it is kept away from water and moisture.
- Avoid contact with sharp objects to prevent damage to the surface.
- Regularly check the fixings and tighten if necessary to ensure that the frame is securely installed.
- When installing and replacing content, take care to avoid injuries caused by improper handling of the hinged frame.
- When removing from the surface, ensure that no residue or damage occurs.
