Article Numbers: 403728, 403727, 403726, 403725, 403724, 403723, 403722, 403721

Safety Instructions:

- Make sure that objects are not placed on the top of the cupboard to prevent them from falling down.
- Make sure that the roof extension is correctly installed to ensure stability and safety. Incorrect installation can lead to tipping, falling and injury.
- The attachment may only be used for the intended cabinet models to ensure the correct fit and stability.
- Clean and maintain the attachment regularly to ensure its longevity and safety.
- Children should be supervised when using the sloping roof extension to ensure safe use.
- The attachment is made of steel, so it should be handled with care to avoid cutting injuries.
- Not suitable for children under 3 years of age due to small parts and possible choking hazards.
- To avoid accidents, the product must not be used as a support surface for heavy or unstable objects.
- Suitable tools and techniques must be used during assembly to avoid injury.
- Keep the attachment away from aggressive chemicals or cleaning agents to prevent material damage.
- Only use the sloping roof extension in combination with compatible Resisto locker cabinets.
- Keep the product away from children to avoid injury from improper use.
- Caution: Do not climb or lean on the top edge of the cabinet.
- Before use, ensure that the sloping roof attachment is correctly fitted.
- Carry out regular checks for damage or wear.
- The manufacturer points out that improper installation can lead to serious injuries.
- Product not suitable for use on steep surfaces.
- Keep out of the reach of children to avoid injury.
