Safety Instructions:

- Wear safety goggles and suitable personal protective equipment, including gloves, to avoid injury.
- Ensure that the tool is properly secured before use and that the guide pin is only used with compatible core drills.
- Avoid skin contact with sharp edges and take care to prevent cuts.
- Do not allow children to use the product and keep it out of their reach to avoid the risk of suffocation and improper use.
- Read and understand the operating instructions carefully before using the product.
- For safe use of the guide pin, special and general safety instructions must be observed and the guide pin must be checked for damage before each use.
- Keep the work area clean and well lit to minimise the risk of accidents.
- Use only recommended by persons with appropriate training or experience.
