Safety Instructions:

- The product is not suitable for children and should be kept out of reach to avoid the risk of injury and choking.
- **WARNING:** There is a risk of injury from sharp edges of the drill bit if used incorrectly. Only use the drill bit for its intended purpose.
- Wear suitable personal protective equipment, including safety goggles and gloves, to avoid injury.
- Keep the work area clean and free of obstacles and secure the workpiece to prevent it from slipping.
- Only use the drill bit with suitable machines and observe the manufacturer's instructions for safe use.
- Before use, check that the drill bit is undamaged and suitable for the material.
- Do not use in the vicinity of flammable materials to avoid the risk of fire.
- The drill should only be used by trained persons or under supervision in order to minimise risks.
- Avoid contact with the sharp edges and the rotating tip of the drill bit during operation.
- Hold the drill firmly and avoid excessive pressure to prevent breakage or damage.
- Ensure that the drill bit is correctly clamped and the speed is adjusted to prevent material overheating.
