Safety Instructions:

- Use suitable personal protective equipment such as safety goggles and gloves when working with the guide pin.
- Ensure that the guide pin is correctly inserted into the core drill to prevent it from slipping during use.
- Keep the work surface clean and free of obstacles to avoid tripping hazards.
- Avoid using the guide pin with wet hands or in damp environments.
- Do not leave the product near children or untrained persons and keep it out of their reach.
- Follow the instructions for safe storage to avoid damage and corrosion.
- Caution: Danger to life due to improper use. Only use the guide pin for the intended core drills.
- Do not allow the product to come into contact with water or chemical substances.
- If the guide pin is damaged, it must no longer be used.
- Please refer to the product packaging or the enclosed instructions for recommendations on safe use.
- Read the operating instructions before use.
- Wear safety goggles and hearing protection during use.
- Sharp edges and points; avoid risk of injury.
