Safety Instructions:

- Not suitable for use by children and keep out of the reach of children as it does not provide full protection like a helmet and may cause injury if used incorrectly.
- Keep away from naked flames and high temperatures.
- Regular inspection of the material condition for wear or damage is required.
- Do not use in severe mechanical hazards or in environments subject to hard impacts.
- Bump caps do not provide full protection like a helmet and should only be used in situations where a helmet is not required.
- Slip resistance may be reduced in wet conditions; therefore caution is advised in wet conditions.
- Reflective piping increases visibility; bump caps should not be used as protective clothing in road traffic.
