Safety Instructions:

- Keep out of the reach of children to avoid the risk of choking.
- Adjust the helmet correctly and ensure that the strap is neither too loose nor too tight to ensure protection and safety.
- Clean and maintain helmet regularly and check for damage; do not use if damaged to ensure protection.
- At temperatures below -30°C, only use the helmet with suitable clothing and note that it is cold-resistant down to -30°C.
- Do not store or use near open flames, high temperatures or in enclosed spaces without ventilation.
- Do not use the helmet in hazardous electrical areas and observe the permitted size when using it with hearing protection.
- The helmet is only suitable for professional use and fulfils the EN 397 standard.
- Ensure that all components of the helmet are functional.
