Safety Instructions:

- Only use the hole saws with suitable hand or pillar drills and ensure correct operation.
- Always use suitable personal protective equipment such as safety goggles and gloves.
- Ensure that the hole saws are used in accordance with the manufacturer's instructions.
- Manual feed is required when used in pillar drills.
- Keep the work area clean and properly lit to prevent falls and accidents.
- Avoid excessive pressure during cutting to prevent breakage.
- Store the hole saws in a dry and safe place, ideally in the original packaging.
- Keep away from children to avoid accidents and the risk of swallowing small parts.
- Make sure that the hole saws are properly attached to the machine to prevent tearing.
- Only use the product for its intended purpose and do not misuse it.
- Suitable for professional use only; improper use may result in serious injury.
- Only use in well-ventilated areas.
