Safety Instructions:

- Risk of injury from sharp edges of the hole saws. Use suitable protective equipment (safety goggles, gloves) and avoid direct contact with cutting edges.
- The product is not suitable for children. Keep it out of the reach of children and do not leave it unattended with children.
- Do not use in the vicinity of water-bearing pipes to avoid short circuits.
- Read the operating instructions before use and follow the safety instructions. Follow the installation and operating instructions carefully to avoid improper use.
- A suitable area of application is the sanitary area. Only use the product for the intended applications.
- Ensure that the hole saws do not overheat and that chips are removed regularly. Keep hands and other parts of the body away from the rotating hole saw.
- Only use in suitable hand or pillar drills in accordance with the instructions. Observe safety precautions when using in pillar drills.
- Choking hazard due to small parts if used incorrectly.
