### Safety Instructions:

- Wear personal protective equipment (gloves, safety goggles) to avoid injury.
- Remove loose materials in the vicinity of the work area to avoid tripping hazards.
- Ensure that the saw blade is securely fastened in the machine before starting work.
- Only use the reciprocating saw blade for the intended materials and applications to prevent overloading and breakage.
- Do not leave near children - risk of suffocation from small parts.
- Do not use immediately if there are signs of damage to the saw blade.
- Before use, ensure that the product is suitable for the respective application.
- Wear safety goggles and gloves during operation to protect your eyes and hands from injury.
- Only use with suitable machines and for the intended materials.
- Caution: Sharp blades - risk of injury if used incorrectly.
- Suitable for use with electric saws - note the risk of electric shock.
- Wear safety goggles and hearing protection to avoid injury from splinters and noise.
- Before use: Read the operating instructions and observe the safety regulations.
