Article Numbers: 708785, 708784, 708783, 708782

Safety Instructions:

- Avoid cutting injuries due to improper use.
- Wear safety goggles to prevent eye injuries from splinters.
- Use finger protection to avoid injuries.
- When using with an electric reciprocating saw, follow the operating instructions to prevent the risk of electric shock.
- Use holding tools to ensure safe handling of the material.
- Handle the saw blade with suitable protective equipment such as gloves and safety goggles.
- Saw blade is sharp; avoid contact with the cutting edge to prevent cuts.
- Ensure storage out of the reach of children.
- Only use the saw blade with compatible reciprocating saws.
- Read the instructions for safe use and maintenance before starting work.
- Wear suitable personal protective equipment (PPE) when working with the reciprocating saw.
- Check the reciprocating saw blade for damage before and after each use.
- Do not touch the blade with your hand as long as it is moving or has to come to a standstill.
- Only use for the intended purpose and observe the operating instructions for the tool.
- Ensure safe handling and storage of the saw blade.
- Keep children away as the product is not suitable for them.
- Observe the relevant safety instructions before using the saw blade.
- Sharp edges - protect hands when handling.
- Only use the saw blade with suitable, authorised machines.
- Always wear protective equipment, including safety goggles and gloves.
- Store in a dry place to prevent rusting.
- There is a risk of injury due to improper use; the product should only be used by trained personnel.
