Safety Instructions:

- Only use the product for its intended purpose to avoid damage and injury.
- There is a risk of injury if used improperly. Avoid improper use.
- Do not apply excessive force to the tool to avoid slipping, risk of breakage and crushing.
- Check for damage or wear before each use to prevent accidents.
- Regular inspection for damage is necessary; the product should be in good condition.
- Keep the tool dry and store it in a dry place to prevent corrosion.
- Do not use or store the tool near children; keep it out of their reach.
- Wear suitable personal protective equipment (e.g. gloves, safety goggles) to avoid injury.
- Be aware of potential risks of injury during use, in particular due to slipping or breakage of the tool.
- Make sure that the tool is suitable for the respective application, especially with regard to size and shape.
- Protect your eyes and other body parts during use; safety goggles against sparks or broken parts recommended.
- Keep the workplace clean and tidy to avoid accidents.
- Safety note: Only use the tool for its intended purpose.
- Safety note: No risk of injury if used correctly.
