Safety Instructions:

- Check the tool for wear or damage before use. Do not use it if it is damaged.
- Do not use the key if it is damaged or worn.
- Secure the workpiece during use to prevent it from slipping.
- Remove the key from the application when it is no longer needed to avoid injury.
- Store the key in a dry place to prevent corrosion.
- Make sure that the spanner is not overloaded during use to avoid breakage.
- Wear suitable protective equipment such as gloves and safety goggles during use.
- Always use the key in the correct size for fastening; incorrect sizes can lead to injury or damage.
- Do not use near electrical cables or during a thunderstorm to avoid the risk of electric shock.
- Use in damp or wet conditions may impair grip; always wear safety shoes.
- The correct techniques should always be used to avoid injury.
- Please observe the general safety information and instructions for use.
- The product should only be used for its intended purpose to avoid injury.
- Risk of injury due to improper use of the tool.
- Keep the tool out of the reach of children to prevent improper use.
- If the tool is damaged, such as cracked or worn, stop using the product and dispose of it properly.
- Avoid using the tool with excessive force to prevent injury.
