Safety Instructions:

- These safety spectacles protect against mechanical impacts, but not against looking directly into strong light sources.
- Keep the safety goggles out of the reach of children.
- Only use the glasses for the intended applications.
- These goggles are not intended as complete protection against chemical or aerosol-type substances.
- Check the adjustment of the temples and the nose bridge before use.
- The safety spectacles comply with EN standards 166 and 170.
- Take care when using in areas with high heat or chemicals, as the coating could be affected.
- Regularly check the glasses for scratches or damage.
